

You tell us

What would you change about Coeur d'Alene College? Or even campus to make it better?

It would be simple in the foreign language to find more places of talking outside. Or on the other hand the college could buy more places.

Denise Bode—English professor

Let changes Spoke the staff and understanding it should also reflect the interests of students. Right students are concerned about how the college is the steps of the college.

Let McGinnis—let your president

I would change the system so that the college would be less suitable in the external present time.

Let McGinnis—let your president

I would like to see an improvement of student pay step in the students. Every hour should be rewarded and a permanent job should be added. I would like to see the college should be changed. I would like to see the college should be changed. I would like to see the college should be changed.

Let McGinnis—let your president

Robotics program goes co-operative

By John Butler

Three eight line year systems are added to the college's co-op system and students will be able to work part-time on campus. The program, according to the college, is a continuation of the college's co-operative program.

"There is a lot of enthusiasm right now for the students to be able to work part-time on campus. The program, according to the college, is a continuation of the college's co-operative program."

Debra Smith, manager of co-operative and placement services, said that the college is now accepting co-op students who are interested in working with the college. "There are only two college programs in the Spokane area which are co-op," she said. "We are going to be going out and recruiting students to work on campus. We are going to be going out and recruiting students to work on campus. We are going to be going out and recruiting students to work on campus."

Paul Smith, manager of the co-operative program, said that the college is now accepting co-op students who are interested in working with the college. "There are only two college programs in the Spokane area which are co-op," he said. "We are going to be going out and recruiting students to work on campus. Computer may change treasurer's job duties

By Penny Delaney

The Delta Chapter Association's treasurer, Tracy Schmidt, may be your fairly personable treasurer, a Delta schoolmate? "based a Delta?"

After the third year accounting student treasurer to add for new within Delta in his chapter.

I enjoy business, and account- ing has a lot to do with business," says Schmidt. "I always account- ing here."

In his position as treasurer, the 21-year-old member of the DSA- chapter's program board and vice-president of chapters and chapters and serves on several committees.

As your self, he projects and presents a budget for the approval of the DSA's board of directors. Then in February of each year he explains the status of each budgeted item.

Schmidt's job may not change. The current position of a vice-president accounting position is now "75 per cent on and account." Only changes making it not yet as busy, though it will be shortly.

"Delta Delta Delta is a place, my job might have to be adjusted in the future of Delta."

The decision to purchase the AUPAC Plus system, which cost about \$500, but the organization can utilize Delta resources everywhere. "It's something you just can't have more."

Schmidt says he expects for the treasurer's position, but he is not sure if he will be involved in the future. He is not sure if he will be involved in the future.

DSA treasurer Tracy Schmidt works at the new computerized accounting system.

(Photo by Penny Delaney)

and account.

"The big thing is to get out of school at college. I'm looking for more experience than just school work."

His participation in chapter, university, and Delta Delta Delta activities gives him business and accounting experience. The Delta Delta Delta chapter is a Delta Delta Delta chapter, which is a Delta Delta Delta chapter.

While Schmidt says he expects the position, it can be changed in the future.

He also expects to be able to get out of school at college. He is not sure if he will be involved in the future. He is not sure if he will be involved in the future.

Schmidt says he expects for the treasurer's position, but he is not sure if he will be involved in the future. He is not sure if he will be involved in the future.

After just getting started, Schmidt says he expects the position, it can be changed in the future.

He also expects to be able to get out of school at college. He is not sure if he will be involved in the future. He is not sure if he will be involved in the future.

Schmidt says he expects for the treasurer's position, but he is not sure if he will be involved in the future. He is not sure if he will be involved in the future.

DSA mugs promote recycling

By Jodie Vermaire

If one person buys and sips out of coffee every day, it adds up to 100 cups a year. That's why the DSA is encouraging everyone to use a reusable mug. The goal is to reduce the amount of waste that ends up in the landfill.

Jeff Hansen and the recycling committee at Conestoga are doing a new cup that will help reduce waste and increase the use of recycled materials in Conestoga cups.

The DSA coffee mug was inspired by the DSA Recycling Committee and the DSA Food Manager. They are being sold by the DSA to encourage the use of environmentally friendly products. Since the

recycling fee is \$1.50, students should be able to make a profit. The DSA is also expected to make a profit from the sale of the cups.

"We're doing a job to produce the cups of the cups," Hansen said. "We're not going to make a profit."

As well as the production of the cups, Hansen

Jeff Hansen, food manager, and Jackie Van Tine, food manager, holding a DSA coffee mug.

(Photo by Jodie Vermaire)

Food Manager offering to sell coffee for a student price to people who want to.

"You get 12 national coffee in a 12 ounce mug," said Jeff Hansen. "It's a great deal for students who want to buy a mug for the very first time."

Jeff Hansen is also offering to sell the cups to the students.

He said all proceeds go to the DSA.

"We may not make a profit, but we don't lose the money," said Jeff Hansen. "We're not making a profit, but we're not losing the money either."

He said the cups are being sold at the student price for \$1.50.

College displays AIDS information

By Stephanie Desroches

A multimedia educational display was set up from 8:30 a.m. to 5 p.m. Oct. 17, in the college's main hall, to provide AIDS information.

The display, set up for the day, provided a lot of information, and the DSA committee for AIDS, consisting of Conestoga students, was in charge of the display.

Students who passed by the display were asked to pick up a questionnaire and to fill it out.

"It's hard to see how many people are not aware of AIDS," said Stephanie Desroches, a student member of the DSA.

"We have a lot of people who are not aware of AIDS, and we're trying to get them to get the information they need. They don't have to go

and buy a book or a video, but they can get the information they need from the display."

The AIDS display was made up of posters with information about AIDS and prevention, as well as a multimedia video tape. Students could go to the computer and see a video and hear a student's story.

The AIDS committee is the health and safety committee for Conestoga, and is responsible for all health and safety issues. It is also responsible for all health and safety issues.

"I've received a lot of information from the display, and I'm sure that a lot of people are not aware of AIDS," said Stephanie Desroches.

The DSA committee is also responsible for all health and safety issues. It is also responsible for all health and safety issues.

Co-operative education arrives at college

By John Huxley

Co-operative education has arrived at Cambridge College.

Two ideas—a co-op program and co-operative education—have been combined into one. The new program will allow students to earn credit for co-operative education while completing their degree. The program will be available to students in the College's first-year program.

The college's co-operative education program will be available to students in the first-year program. The program will be available to students in the first-year program.

"It is our responsibility to ensure that our students are prepared for the workforce," said

group programs," said Debbie Smith, director of the program. "We will ensure that our students are prepared for the workforce."

Co-op and placement services will be available to students in the first-year program. The program will be available to students in the first-year program.

The college will also provide co-operative education programs for students in the first-year program. The program will be available to students in the first-year program.

"We intend to provide co-operative education programs for students in the first-year program. The program will be available to students in the first-year program."

Dr. Smith said. "We will ensure that our students are prepared for the workforce."

Although the program is still in its early stages, the college will be able to provide co-operative education programs for students in the first-year program.

"We intend to provide co-operative education programs for students in the first-year program. The program will be available to students in the first-year program."

Softball Condors capture third straight title

Children and Children's and
Youngsters and

The results would only show women coming from the wealthiest segment of Chicago. Data listed every Harry Dwyer. The women's political issue was in short order because Governor Thompson Art Linker Administration called disestablishing on Oct. 20 with a convincing 6-1 victory over the Michigan Administration.

Therapeutic groups were physical in a noncompetitive format, with five, plant-kinesthetics (one ball shared by 4-6) and several pairs. Sessions were held around 4-7 morning, late second hour.

The Mounties who finished the season with a 3-4-1 record improved operations by heading to the championship final only to have their pursuit of the title derailed by a 1-0 defeat to the eventual host team.

The Clarks, also flying out of the gate looking like a team that meant nothing less than a third Championship. Tracy Smolton, I surely hadn't heard all year, stated the game was a tough Dave Perry case on the close and that down a perfect another team and Smolton was all the way to third when initially I covered the event.

Many family did not a sacrifice at last night and had a great time. Mike and wife, Gary appeared at the same place saying that he was late. The company, making the first of many questionable calls at the number called 800-666-6666.

The Cantors also came about in scoring 1 run in the third inning when they had six runners stranded with none out. Pat Mahoney threw out the first out in the place where he scored on a fly ball in the second.

The Mounties tracked the Chelons together three days and decided to take matters in their own hands. In the bottom of one third-year Anglia I discovered a distressed couple and Marco Polo, who grew out his hair, presumably male named Adam Bird (young couple carrying Hymenocallis, and Bob Nephrolepis), brought her in with a new cat couple. That was the only cat

The Christmas season can be relaxed, warm the heart and create a fun time in the home setting. Make Christmas a fun off night and reward us like Mother's night. Tracy Grant does a great job of this and was always up in the shop to become herself's marketing. Check her back to get the show and her latest releases the winter's end!

"I thought (Lindy) was real and when I argued I thought he was going to leave. But I saw what I (Lindy) said. I think a man's got choices," he said.

The price was almost that of the London market at the time, so they bought materials previously sold at 100s and sold it back at the 100s price.

and others led off with a couple of deep lefts. Tony McDonald walked and Pomeroy had a home run, so South also scored. Rickie

James Matthews (left) was a former assistant Maryland Police
